Summer Changes

CHS welcomes new Executive Secretary, Amy McMillan, to the office. Amy has formerly served as CHS receptionist and more recently as the attendance secretary. Replacing Amy as Attendance Secretary, is Jane Townsend. Jane is our former receptionist. We welcome Emily Bell as the new CHS receptionist!

The CHS Athletic Office is moving to the main office area. Athletic Director, Brent Duncan, will have an office near all other CHS administrators. Bethann Pearson, Athletic Secretary, has moved to the security entrance. This move helps to make CHS more secure as all athletic deliveries and ticket purchases can now be made at the security entrance and patrons will not have access to enter the building. You may still reach the Athletic Department at 825-2900.

Former Special Education Teacher, Julie Bell, has transferred to the guidance office and will serve as counselor for students with last names that begin with letter G-O. Maria Douglass will be our new Health clinic Assistant.

ASK -ROSE Homework Hotline

The Homework Hotline started in 1991 as a toll-free telephone service. Several online features have been added in recent years, and the iPhone app gives students easier access to Rose-Hulman students that are available as hotline tutors from 7 p.m. to 10 p.m. on Sunday through Thursday during the school year. Supported by the Lilly Endowment, Inc., the Homework Hotline provides toll-free math and science tutoring services by calling 1-877-ASK-ROSE (1-877-275-7673) or through the website www.AskRose.org

What is our focus this year and beyond, as a corporation? We are going to go slow, so we can go fast!

Our focus this year will be to work on three goals, based upon Robert Marzano's research:

Marzano's Framework

It is a framework built around the concept of High Reliability Organizations and Marzano research to help schools with long-term continuous improvement, with short-term specific areas of focus.

Levels of the Framework (our goals)

1. Creating a Safe and Collaborative Culture
2. Effective Teaching in Every Classroom
3. A Guaranteed and Viable Curriculum
